VIVEKANAND EDUCATION SOCIETY'S COLLEGE OF PHARMACY

GUIDELINES FOR PRESENTATION FOR TECHNOLOGY SHOWCASE

5-7 minute presentation from each presenter (participant)

The format for the presentation is given below:

- Title of innovation and organisation details

- Background to technology

- Product description with appropriate photos. display or video

- Additional technical information

- Stage of development

- Any IP details

- What are current plans of commercialisation

- What type of support/collaboration is needed for successful commercialization?

- If any presenter has a prototype display, they can bring that as well. A proper support will be provided.

Post presentation, networking session with the invited mentors which will be a one on one discussion since many innovators may not be comfortable revealing too many details publicly.
