Hii sir, I got my pharmchem paper yesterday and I got 12/15. And you know I used to score so less in OC or any chemistry paper because I never understand structures. So thanks again sir 😊

7:18 PM

It was really useful from exams point of view
There should have been more examples solving there itself

Syllabus of final year b.pharm comprises of compounds that have huge structures and with huge structures comes complicated nomenclature. The IUPAC Seminar conducted on the 20th and 21st of February not only helped us brush-up our concepts but also cleared any of our doubts related to our current topics. The session was nothing but fruitful!
