A bit more efficiency in work completion as sometimes it takes a lot of time for things to get done

Administrative staff needs to be punctual and fast in their work. For the work of 10 mins we have to wait for 30mins and thats not done.

But still needs to be more better

All good

Needs to get little more flexible with students for fybls and sybls as they are new to it

Need to be more helpful for students

Nope

Very good experience so far

I request the Administrative staff to be more efficient in matters relating to railway concession forms. In addition to this i would request the staff to be more mindful of their words and have a benine approach .

Should get entrance from gate behind the college also plus library is way at height so we should get accessibility from lift also plzz. Staff is supportive but for our events to get reimbursement we have to roam here and there a lot. Smoothness in process should be assured

sometimes they are way too rude and not supportive.

A bit more efficiency and punctuality with more dedication will be appreciated

Abhishek sir was very helpful at the time of admission. Also examination form should be printed by admin staff instead of asking students to get it printed

Prasad sir is the best and very helpful, he is though sometimes little aggressive but will solve the problem for sure which actually builds fear within us that the problem shouldn't be repeated or else you'll have to bear Prasad sir scolding ..but he is really nice and helpful all the time..rest other staffs are also good and helpful.

The place is very chaotic very small and congested need to more in systematic manner

The administration should also look after the condition of the classes. The fans of our class are not working since the college has started and still no work is being done on the same. I request you to look after this please.

They not supportive and attentive and some staffs has a really rude in behaviour, they must be polite with students, I don't understand why they asking for money when we already pay the huge fees.

The infrastructure of the administration office is not good they have some chairs outside the office but it's so dirty that you can not sit there

Complaint twice but fan isn't repaired. Nobody taking care about the classrooms. Classroom are most of the time dirty.

As we r college student so we need a good infrastructure here no cleanliness no fans r working as we pay fees accordingly we need good infrastructure and resources it very difficult to sit in this small bench and no ac nowadays each n every even school does provide good infrastructure y can't this clg has worst infrastructure and I think is biggest mistake to come to this college giving high amt from other college and in back getting nothing small school we even don't feel like coming college so please work on infrastructure and placement cell should be connected and it at last I really don't think so money worth coming this college there is no such facilities worth money it is just a school come take lec n go so I really ask you all if you r taking cost of one so high so please work on it and there r no such faculty n facilities worthing single penny. There is unhygienic washroom n no at all good n purified water for drinking how can a person drink water from outside washroom it really pathetic.... Coming to this college there is no online lecture the person who can't attend the lec they should provide some help to them as there r many people working married n need some help lastly humble request doo some think for us at last.

I have made complaint 2 time for non working of fan in our 207 lecture room still no action is taken. Classes are very very dirty no cleanliness in maintain in lecture room. There is only one duster for whole law section. Canteen is too expensive and didn't even provide services food is also not taste as per price

Prasad sir can be a little polite towards students

Staff is helping for any kind of work

Call service should be improved. Anytime called on college number it's not reachable.

NA

Please provide exam updates well in advance.

Informed on Short notices to submit things. This can be worked on also need Official freshers party hound be organised

Prior notice for no event exam test has been given everything is last minute which is very stressful

Official freshers.

Short notices is given to students for everything be it police visit, exams, form submission... Official fresher's party should be organised as it helps to mingle students

Provide exam updates earlier.

Freshers dedo.

Ac classroom suvidhay karwalao.

They do not help with the queries.

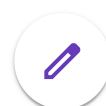

I feel they genuinly help the students when they are in need. Their internal communication is so good that i feel it on the telephone calls even when i didn't visit the college.

PLEASE FIX FANS OF CLASSROOM AND MAKE IT AVAILABLE ABOVE THE BENCHES AND NOT IN THE PATHWAY

Dans don't work no cleanliness in toilets class, Need freshers , canteen can be better. A/C for students if staff room and office has A/C paid a bomb for only 6 months although it one academic year we paid 37 K.

Please put AC

We need ac in classes and good bench and projectors

please provide Ac in the classrom and it's my request to keep the washrooms clean .

AC

Please install AC in our classes it very humid here please cannot breathe her this so suffocating please take some extra fees but please install Ac and good fan with windows and good ventilation

Should be more punctual and should open early

Very supportive

please install ac's in the classrooms and the library. atleast the library, and provide clean washrooms, the washrooms are very stinky and dirty all the time.

The line for the railway concession form is huge and it takes a lot of time please do something regarding this

A/C in classrooms

We want AC and WiFi (if necessary for online lectures) in Law building

Approach through whatsapp also

Please provide AC in the classroom and clean washroom and please improve the food quality in canteen

To be active in whatsapp groups

Can work more on the promptness and getting the work done quicker than making us wait for almost half and hour or an hour .

Requirement of AC in new law building and good ambience in new building

We need air conditioner .. more ventilation.. cold water facilities.. wifi...comfortable benches..

Suggestion regarding whole campus : very untidy , dustbins are fully filled and not cleaned for months . Dusts settles on benches

Should add A/Cs in all the classrooms, and provide more bigger benches in the classrooms.

Need a fix classroom, good filters for drinking water , availability of sanitary pads in the machine available in the washrooms, projector availability in the classroom.

Air conditioners in classrooms

Provide fixed classrooms , clean & neat water area , availability of sanitary pads in the machine

Must leave for first time mistake.

Example: Second filling of examination form don't charge late fee .

Staff doesn't help with your problems, they are mostly busy with their own work, doesn't listen to. Also i think college should provide clean washroom and drinkable water. AC in library.

Better infrastructure

The drinking water facilities are not upto the mark, the care of hygiene is not taken. They have drinking water outside the washrooms and the canteen water area has mosquitoes sitting on the taps of drinking water.

Always late for class. Reaches class by 8:30am and is very unapproachable.

Overall faculty is good but she sometime get late due to some unavoidable reasons

Professor is excellent but could be a little more punctual

Punctuality... professor should focus more of studying rather than other discussions

It would be really helpful if she can provide more information about how the answer needs to be written in exams and which type of questions are asked otherwise a very great teacher with lot of knowledge and her lectures are really fun

All is ok not soo excellent not so bad in between adjustable and fine understandable topics all good

Kindly increase the duration of lecture.

Kindly increase the duration of lecture.

Need tips for study easy

I feel she is not a good listener and just starts shouting at students for no reason. She just doesnt accept the fact that she can be wrong anywhere nor she is reasy to listen to anything said by the students. If we give our opinion she will shout if we dont she would just say that you dont say anything.

She's very bad at timing. She wasted 2 lecture for taking attendance and 2 for making lecture timetable yet her 3 major topics are remaining

Should be a little polite

Have a group discussion on any topic once in 15days

Ma'am being a criminal adv can teach subjects like Criminology very well in my opinion.

Please do keep her for next semester.....acts as a direct connection with current practices of court and advocates.

More Focus should be on lesson instead of other currect topics , More time should be given the subject .

Knowledge on subject is good and Timely completion of syllabus needed, regular lectures needed with new topics everyday and not regular revision lectures are needed

No

She is such an inspiration. Gives extra knowlege of outside actual world. I am stating here that the freshers must also be given the chance to interact with her. I feel that she is the only teacher that motivates me to come to college evryday. Love her. Make her stay for coming students.

SHE IS THE BEST!!!

I have no suggestion, I like her teaching way.

INTERACTIVE BEHAVIOR TOWARDS STUDENTS.

All are good

Other things apart, but a small request to atleast show some some basic interest in teaching.

Please explain with the the help of ppts

He is helpful overall but i dont understand anything he teaches, he has no command over his subjects, we are not sure if even portion has been completed, he is monotonous and we have no idea what is going on in land laws even if we try to actually focus. he also is not aware about his subjects when you ask him basic questions be it practical training or land laws

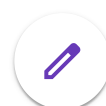

Sir only knows delivering lectures. He has no interest in student engagement, understanding, interest development. The lectures are boring, burdening and has no impact. He's been teaching us since tybls. There has been various topic and subjects of my interest which he has taken up and I have zero knowledge of those topics despite interest. Thankyou sir for spoiling the last two years. One more to go. Its not only abt this semester, its his overall experience. I thought online classes are a problem but no this time offline class made it even more boring and disinterestig.

Sir is very nice, helpful and knowledgeable, always helps us and prepares us for the future. I'm proud to have Manoj sir as my professor.

VES College will develop only if they start taking quality teachers. Their students excel in various fields however this should be given priority as well. Consider students feedbacks and bring in quality professors who actually knows law and teaching both and not just having llb degree with some exam qualification.

Pro way of teaching

Ma'am explains well. Always punctual. The only drawback is she goes off the topic and provides irrelevant filmy examples which cant be written in answer sheets or referredd in courts. Please mam provide maximum case laws explain them well and give some practical knowledge and tasks.

Completion of syllabus and syllabus related topics should be done on or before time. Less amount given to revision this time.

she's a kind and understanding person. however she has never once taught what is actually in the subject. she only talks about movies and random stuff. we are studying juris on our own. she teaches movies and also asks us to not write this in exam as we wont get marks. maybe she can actually try teaching for once. what she taught and what is in the syllabus is completely different

She is by far one of the best teachers I've ever had the honour to learn from, she feels like my family and always there to help me, she cares so much about us. I'm very grateful for you ma'am.

Not only take sarthak's opinion

no

Pls finish syllabus thoroughly

No thanks

More time was spent on asking questions..

A little more emphasis on actual learning than classroom discussions

Please be more inclusive of the people in the class

Should try to interact with students a bit

Please prepare for class before and complete syllabus on time

Give notes that give in exam perspective

Ma'am should more focus on the students weak in the subject and try to give equal attention to all student. Concentrating on a particular student creates biaseness among others

More discussion-based lectures and assignments that depart from the traditional pen-and-paper based Q&As. Instead, we could incorporate newer and more interactive assignments

No

I would like to learn more than what is available on google website

Sir should more focus on timely completion. The discussions done in lectures are focused on specific students. Sir should try to involve all atudents. Notes sholud be provided on time and not just few days before exam

Very particular about teaching, very resourceful , always prepared and giving good materials to refer to

Need study material which is our of google

using ppt during online lec would make things more understandable

Sir took the classes brilliantly. Suggestions to make it better would include more theoretically interactive classes including, but not limited to, analyses of theories at a much more depth.

Please do not entertain unwanted or illogical doubt and debates of few people because of which the rest of the class gets disturbed

Emphasis on timely completion of syllabus and less emphasis on non-syllabus discussion

Sir you are amazing!

None

You truly care about your students

He explains very well each topic in detail

Teaches good

Can be more punctual.

Please sir stop creating your superiority

He is the best teacher.

Can be a little more faster in completing the syllabus

Providing notes

Could work on timely completion of syllabus

Excellent Faculty

To be thoroughly prepared with the subject matter.

Sir Easily gets off topic

Classes are really amazing and interesting.

Should be strict and should beat students

would be great if you showed us some videos on the topic and give us some kind of notes while teaching the chapter

Plz provide notes

Please summerice chapters in end

Sir has been very interactive with the class and helps us understand the lessons better, by giving a background and tells everything in minute details. Has been very approachable and helpful whenever needed.

Needs to be more sensitive towards student . Tries to be sarcastic but instead offends students. Humiliates students sometimes. Targets students. But teaches very well but takes too long to complete. Good teacher in knowledge perspective.

It's fun learning from him as he gives varied knowledge about different backgrounds which helps in general knowledge.

Sir behaviour is very serious.Must improve.On others things excellent, knowledgeable etc.

Chapters can wind up little early. The explanation part for each chapter takes too long resulting in us students to forget the earlier part of the chapter.

Teaching can be a bit more to the point for timely completion of syllabus. Rest is all really good

Good faculty very good very helpfulagar ye ves me nhi hote to sayad mai phir se clat de rha hota

Feels little bit nervous while talking with him
And whenever he stares! But overall very knowledgeable and approachable person.

In my opinion sir is genuinely good. He is very knowledgeable plus good with class interaction. But obviously i think sir manages committees and all so i think he can ask committees to organise more function so college could be more fun.
Thank you sir if you consider this

In my opinion, sir you're excellent. However, we can complete the syllabus a lil fast. Kudos! :)

He's the best teacher. He explains very well with more n more examples.

Awesome

Request to conduct revisions

Request to Conduct some revision lectures

hoping to learn more about how to use logic in day to day life.

He is Awesome teacher. I had never met any teacher who teach like him .

would be better if you gave notes on the chapters and took mini quizzes for sums
but other than that you're really good at explaining the chapters

Sir please provide notes

You should treat girls and boys equally. Should not be biased towards girls

None. Teaches Amazing. Truly and inspiring mentor. There is a vast difference in what is written in the textbook and what sir explains. He explains very easily.

Helping nature, friendly, knowledgeable etc.

some notes would help

Go slow

Sir has been highly approachable, and helpful. He's been awesome during lectures, teaches everything with examples to help us understand the concepts better.

Perfectly perfect!

Previously i was scared soo much for logic but as soon as i meet sir logic is my favourite sub ,he teaches soooo good , favourite sir

He's one of the best teacher I ever had. I love attending his lectures. I understand logic only because of him.

Amazing professor !

Classes are really interesting .

He's the best .It's worth attending his lectures.It's inspiring to learn different aspects of life from him .His approach towards teaching the lessons through life theories is the best part .

No suggestions! You're the best teacher! Excellent teaching skills for logic, super friendly, kind, and approachable!

Sir, you're great and your classes are very interesting!

Please retain him in your panel.

Lecture is most of the times taken by other subject faculty which leads to breakage of link of the chapter and syllabus.

Sochi bolooooo

Good humour, knowledgeable, good interaction with class but i think sir can do a bit of lenient marking

Overall a good faculty....but there is always a chance of improvement...

SAGAR SIR ONE OF THE MOST CALM AND COMPOSED TEACHERS I'VE EVER COME ACROSS. HE IS AN EXCELLENT ORATOR AND A GREAT MENTOR!

.

Knowledge on syllabus is poor, though a good orienter failed to communicate well and teach, ran through the syllabus completed it in a month although given good time. Slow pace could help. Not a good listener. Taught no case laws

Teaching abilities are poor... Knowledge of syllabus poor and doesn't take problems of students seriously when approached

He is good in clearing the doubts and topics of the subjects. only teacher who Took presentations from all the students that actually help me personally because i came late to the sessions. He is good overall.

Understanding teacher

She is an Amazing teacher! :)

Need more explanation of particular subject.

As a class guardian she could have helped more

Use of Black board should be there instead of just dictating the lessons. It makes class interesting and interacting and students don't feel boardum.

May be the subject is technical. The teacher is approachable, helpful, favourite of so many classfellows but her thinking and subject clarity will not clearly get it to me.

Ma'am is explicitly knowledgeable and has capacity to make students understand the topic clearly. As a guardian teacher she's very approachable and sensitive towards students which makes her the best.

No

A student can't suggest a teacher so SORRY NO suggestion

Somewhat biased.

Need to complete syllabus on time
And need strong reference material

Please sir explain the topics in simplified manner .

You are the best and a man of inspiration always

Partiality hits hard

Maybe a little more syllabus driven teaching

Sir just gets a bit distracted from the topic and comes a bit late

There could be a little systematic and timely completion of portion! And mostly a bit sticking to the portion is important.

Nothing, you are very good in teaching as well as widening our perspective, so i would like to sit in your lectures even after i pass out

Sir should try to complete the portion on time

More stress on timely completion of syllabus and involvement of each student in classroom activities

No , i am satisfied

No suggestion. Deepali ma'am teaches very well.

Overall teaching is great, and typical school classroom like, which is appreciated. But, the atrocious doubt solving and dubious grouping and judging of students without knowing their capabilities is deeply concerning. Also, while the teaching may be good, knowledge of subject matter beyond the scope of books is not just low, but below average which is disconcerting. Helpful criticism with no malice intended.

Maam puts alot of efforts in class to make the concept clear.. Thanku maam!

Nice

Just a very small request, to please act generous towards us when we ask doubts, it's feels very disrespectful when the Prof. replies in a frustrated manner when the doubts are GENUINE.

she's a great teacher, however she seems very frustrated while teaching. she is prepared yet she seems unprepared? but she completes everything timely

Could go a little slower in pace in terms of explaining the topics.

Madam is only on the topic and books knowledge. She gives good number of caselaws.

However, she creates no interest in the lectures.

It becomes very flat for the students to concentrate without active participation discussion or doubt solving. She is also not very approachable during lectures and might unintentionally start to yell if the doubt asked for is not understood by her or is practical in nature and not exactly relatdd to the topic. The reason for such yelling cud be her unawareness of the topic which is completely understandable but is hard on students.

Sometimes she doesn't pay attention to me and doesn't stop for my questions.

Can take on a more positive and helpful attitude towards students rather than keeping a hostile environment during lectures

Ma'am did not teach anything in Moot Court subject like court ethics, or pattern of making memorial, nothing.

She directly gave the moot problems and even while solving doubts did not satisfactorily answer them. It ended up in more confusion

Since v have criminal civil all types Gere in mootng v must be taught about it or given a brief of it 1st which wasn't given

A good teacher with good knowledge & helping nature. Is interactive towards students and also uses various methods to teach like PPTs.

not only does she teach the same topic differently everytime she takes it up, but also is completely clueless. even if we answer rightly she will tell us we are wrong and give a random explanation which doesnt even make sense. her lectures are very monotonous and ill infomed

Mam seemed boring and not interesting in online class I didnt understand a single word. But in offline lectures she explains well. The only issue is we are interpreted wordings from the books and basic knowledge, no in-depth knowledge, developments in law or extra knowledge is provided. Feels like mam knows only that much how much is written in books. She uses variety of teaching strategies which is good.

She's a wonderful professor and always helpful, grateful to have Jayshree ma'am as my professor and guidance.

Good teacher

We can use PPTs and make economics a lil more practical as well as interactive. :)

Can improve the teaching method.

Should be strict

More teaching strategies could be used for Better understanding of the concepts.

..

Her interaction towards the class should be more from Ma'am

reading the given answer ain't helping us to understand the concept.

To explain economic terms which will help us in further studies

She shouldn't be so lenient so that the students take their advantage.

Not as such

To maintain certain discipline of the class during lectures

Make use of blackboard for explanation

Appoint the temporary economics ma'am as full time ASAP.

You should be loud and clear in classroom. Use resources such as , blackboard .

Her interaction towards class is not so good and she does not care about what we have learnt or something she just runs the syllabus fast and it seems that she just wants to complete syllabus and run home . And she is very lazy to even conduct classes most of the time she doesnt even come.

Could be more strict in the class so that students pay more attention to the lecture

Isn't Punctual at all

Class interaction should be more as only a small portion of class is invested

Class environment can be improved by better explanation and interaction with students.

She can be more interactive and more from teaching point of view and not just read from the PDFs.

She very good as a teacher very friendly and helpful at times.

Needs to be more creative while teaching . Students lose interest because of this .

Use blackbord

It was difficult for me to understand the economic under jayshree mam. In my suggestion my should use different kind of strategies to teach and also use the board.

Use blackboard

Don't stick just to the notes and textbooks give us a broadened knowledge about concept which can actually help us to understand the true meaning of the subject in our life .

Also use board with notes to understand us topic well

Excellent

Could be more regular

Na

I think economic can be so much interesting which is not the case by reading out the ppt. You can use day to day example, current affairs, graphs, general knowledge references when teaching, it could be better.

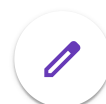

Apart from that she is easily approachable which is very good.

Ma'am is very well versed. Thank you!

Use the blackboard to write down the points. Verbally nothing can be understood. If explaining verbally please be thorough with the context.

Very supportive and helpful.

Supportive

Faculty should elaborate more about the topics practically rather than theoretically.

A very good professor glad to be her student, very interactive lectures she gives opportunity to students for the class representation and interactions

No i like the way she is should continue to be the way she is. Thankyou

No suggestions. Lectures are going on well and case laws properly discussed.

More of an interactive sessions... and she can gives notes from her side rather than we referring to books every time

Need some tips for easy answer writing.

Sometime time she only read the topic and give explanation in regional language. But many time she give very good explanations by giving various hood example

No

Can work ok communicating with students to engage everyone in class and adopt a little new techniques to teach contract. Although this is really good at teaching and speaking to students overall.

She doesn't use board to explain.

It would be better to understand contracts if ma'am provides students with some basic formulas to understand the basic of the topic.

Nothing

Class should be interesting & interecting , boardum should be there .

Could use blackboard to make session more interactive

I hope maam will teach us contract 2 in 2nd year.

Reads only from the book

It would have been better if Krupa mam would have taught us Legal Language too. She teaches legal language really well. Hoping that mam will teach us Contract 2 in SY too.

-

She is good. Helpful. Easy communication is there. Dedicated to teach the students But somewhere i feel in lectures our motivation to study is lacking because sometimes her voice is not reaching us and when she explains the doubts she only tells them to those who asks. I want her to first tell the question and tell the answer to all the students loudly.

All good

More interaction and not reading from the book more informative about the topic

Pls make more attractive lecture for next year

At times can't understand what the professor is reading.

Ik

Plz try to be more interactive n change the method of teaching...

Nothing

Naik sir is good at heart and speaks well but it will be great if he gives more examples on the topic that he teaches. Also, at the start of the lecture, if he could recap what was taught in previous lecture and mention the topic that would be discussed in the next lecture, it will be more productive...

Excellent

No such suggestions.

-

None as such, thank you.

Ask questions

Sir must have made use of PPT. Some lectures must have been conducted by showing PPT.

The lectures feel long and monotonous. The professor can try to make the class interesting.

Atleast a revision lecture with the important questions should be provided. Thanks

Considering online classes , it was difficulty on both the ends but yet some techniques such as ppt etc should have been used for better understanding of the topics.

During ADR first lecture Wikipedia page was shared on screen by the Professor.

Nil

Faculty should be more confident while teaching the subject and also describe the topics in more practical sense rather than theoretical knowledge

Teacher is excellent, but we had only 4 lectures of practical in 2 months . One topic was asked differently apart from the syllabus.

Practical lec was less so although good enough

The Police station visit was not as accepted, and i believe in practical training course should be more visits like like high court, and district courts and jail and in police station visit please recommend the headcutters and just a poor police station.

Practical training is a very important subject for us but does not get enough lectures hardly there was 2-3 lectures As a professor Prajnee madam teaches us well labour law but she couldn't get enough lecture to teach us

I would say that i feel that she is not that understandable to me. She is very knowledgeable but her way of speaking is not understandable. I feel that she can do it better.

Practical should be more about knowing the different aspects of the subject or getting practical knowledge of the law but we as a student didn't get the chance to explore our practical knowledge

It was more theoretical than practical

We just got the topics to complete our journal hardly we had any interaction the practical knowledge of the law

Not many lectures were conducted for practical training... lot of time should be given to practical training lectures as well...

She is very kind and helped in our practical by providing material and good knowledge and suggestion

Can improve teaching methods

Very sweet and supportive. Always motivating. Love her vibe.

Faculty should be more confident while teaching the subject and also describe the topics in more practical sense rather than theoretical sense

Can make the subject more interesting by group discussions and debates

She is a great guardian professor really helpful understand every problem we feel free to communicate with her

No suggestions. Lectures are going on a good pace and concepts explained well and material also shared by mam.

Very supportive but I'm not able to understand the subject properly although mam is very friend ad helpfull she provide us all the material and all the help for our topic so all over nature of mam is very good

She is very good as a teacher but I personally feel that indont understand her language or her way of speaking. She is very knowledgeable and great but maybe she's not that good in making us understand the subject.

Since the subject is such vast, it needs professor also time from students... like a morning lectures wherein students are fresh and a subject of labour law is more of attentive and knowledge seeking... so an early lecture would have made more interactive session with students

Informs about important notice a night prior giving us no chance to do preparation.

Try to provide more time for any submission/test.

Unprofessional

No

No regular lectures were conducted and no clear notes were provided

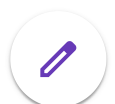

She didn't teach anything in class except 7 lamps of advocacy... Doesn't understand the questions of students and explain unnecessary things.. we faced lot of issues while making journal because she didn't clear the subject matter

Doesn't listen. Can't understand the questions what students are asking. Thought nothing except 7 lamps. Thought she had good knowledge on subject she could have guided us better. Lot of confusion happened while making journal and studying for the paper as both practical teachers gave different questions to their class and later asked to ask the other class for exchange

Should listen to the students Question and then answer

Her speaking skills actually shook me. Though she didn't cover every topics that come in exam but the way she taught to attempt the exam is so good that help me to complete it on time.

Please use Hindi language in the lecture no body have issue

Very helpful and provides information for the syllabus and for other knowledge purpose as well

Sir u have great knowledge of every subject u taught us ... Thnk u for all the guidance

Unable to understand at times due to vocabulary issues.

Apart from command over language everything about sir's teaching is excellent. But it can be overlooked if given Better attention on lecture

One of the most approachable and intellectual professor in the 3 year course of law.

Sir is always ready to help and he has the knowledge of various new changes all the time.

Sir teaches the subjects very nicely. he has great knowledge of subjects .

More presentation and students involvement would be better. The lectures are not interactive

The subjects involves practicality and so it would have been better if the explanations involved situations related to real world for better understanding the concepts. And use od sections which wasn't done

She has been very good throughout the lecture helps in understanding better and teaches in a very simplified manner.

Understandable Teaching

Excellent teaching. Very approachable, teaches economics really well, makes us understand the concepts in an easy manner, and is the best teacher to teach economics!

Excellent, friendly, knowledgeable etc.

It would be nice if she's more approachable, overall she have very good knowledge and she makes us learn in the class itself.

Sir is fantastic

Excellent , no changes needed at all

sir is giving good values through his lectures 😊

Sir is best :-)

You taught the best as you can you are awesome got to learn a lot thanks

Really helped us understand the subject well and inculcated the thrust to know more about the subject

Yes bcoz of uh I started believing that sociology is not boring. Sir aap gussa hote ho to ache nahi lagte 😞

No offence Sudhindra sir is awesome

Perfect person

Book club or article club regarding socio

I really don't think there was any reason to cut my marks apart from any answer mistake but according to me i wrote correctly then also i scored less marks.

Hybrid mode created a lot of havoc, confusing also.

Probably due to the lack of time, and this was something sir had mentioned earlier, we could not study the coursework in a more socially permissible manner. Regardless of the situation, the assignment that sir gave and the liberty which was provided to us to be innovative and link various social and societal aspects was the highlight. Something that can just not be copied or replaced.

Best of the best as expected from a philosopher , his mind works like that of Aristotle.

An amazing mentor and one of the best faculties to ever grace this institution. The method of teaching and the sheer effort is frankly laudable and has an amazing engagement mechanism with his students. Calm and composed perfectly sums up his teaching and we need more teachers like him in this institution. Kudos!

He taught it very well with great examples and interaction was also perfect. No suggestions because he is the best!!!! Most AWESOME SIR

I don't think I could suggest anything to the contrary of what and how Sir taught. The course was theoretic with very little scope to be interactive and no assignments that could be exceptionally creative. So it was perfect

You are awesome sir and we are..! But honestly i have written each and every answer proper but you didn't gave me marks and i felt bad.

Amazing professor, very understanding and addresses personal problems.

Sudhindra sir lecture are very interactive and interesting, their is no need of any change right now.

Sir is itself a motivation. Understands each and every student's feeling. Thank you Dr sudhindra sir

Thankyou so much sir, it was amazing 2 years having you as a prof.

Should have thought the theory aspect of the subject more comprehensively.

He teaches very interestingly expect the theory part still he is the best

There is no need of suggestion for sir he is the best and teaches in the best way. But just that sir should not get angry suddenly he is kind of scary at times when he is angry .

Excellent teaching style but need to be more attentive for students

Please provide notes and syllabus pattern

no suggestions, she's a great teacher overall.

Teaching method can be more interesting.

Providing of notes

Ma'am should explain more in deep about the topic rather than just reading the paragraph and explaining

Tell her to explain the chapter in detail

ma'am should help us in summary rather than just giving us to write it by our own

Mam should thoroughly explain chapters rather than just reading put loud and completing it .

Can take a better approach about completing the assignments

Teaches English pretty well, would be really helpful if more teaching strategies are used

She has been very active in class whilst teaching and has been very interactive and helpful if any doubts occur.

Takes simple tests to help us understand the chapters more better and easier.

Should try to incorporate new teaching techniques. Just making someone read and explaining some points feels bland.

Do not just read out the chapters give us a narration about the chapters rather, which can be interesting for the students.

Mam should focus more on explanation.

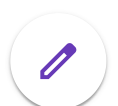

While giving summaries of the chapter please elaborate more thoroughly. She explains way too fast and we barely understand the chapter.

Spend atleast sometime of lecture for fun.
Excellent, knowledgeable.

You should explain clearly the plot of the chapter and the location of the plot taking place .
Many times we get confuse with that

Must elaborate the topics while teaching

Sorry No Suggestion

No

she is always there to help.but her teaching style is the thing I didn't like. Her quiz wala idea was nice thank you man

If ma'am could also explain while reading and not complete the entire chapter in one lecture.

Maam should explain a bit more about chapters and should not hurry while teaching, Should explain in an interesting way.

Literature many times goes a bit boring but if professor adds up a little and can make it interesting then it would be better

Not very knowledge able she just go through the text book

If would be incredible id the concepts are explained a little more and if there was an interactive lecture

No. Ma'am really took sincere efforts and provided the timely refernces for exams

Please ma'am don't focus on syllabus completion .

New Teaching tools could help students understand more better

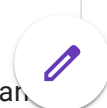

She completes the syllabus too fast, just reading the chapter and running through the syllabus

Explanation in depth of the topics should be done rather than just reading and stating only the part read as it is.

Going beyond of what is there in textbook. Students are mostly unaware of why that particular chapter is being taught to them in law field. And i expect the professor to start the lecture by objectifying why it felt as a need to understand the reason of such passages being taught to law students

No

Maam should explain the chapters slowly she is too fast while teaching and should teach in an interesting way. And also that maam said ni assignments this sem but she kept on giving us

assignments in the name of class participation which is not fair

Suggestions for Library Resources

27 responses

AC

Hope for it to open a little earlier, possibly the same time as classes start

There should be more updated and amended books and study materials. Problem of suffocation and less space

Please, put more and good conditions book and please put AC and water cooler in the library because its too hot.

I feel that the library should open a bit early. As when exams were there we used to come to college at 7.30 but there was absolutely no place to sit and study.

Non availability of new edition of books

Very congested... if the amount of students increase at times there is no place to sit, also it become too noisy...

Please it's an humble request to make library should have lil more space and ac is must we pay so we need better infrastructures and one can borrow at least 3 books and each n every thing should be only we r not kids to have card n all so better facilities for our given peny should be provide books we can issue as 3 according to our subject

Why are they not keeping guidance book's which students say's easy to understand.

They don't have new edition books of law the books are of 2 to 3 years back edition because of which some of the topics which are there in our syllabus we could not find that particular topic in that book because of it's old edition

Sometimes books are not available for reading they issue all the copies to student

They should give more than 1 book at a time

Make the Library big because it gets overcrowded

The Pune that sits in the right bench is VERY RUDE and IMPATIENT

There is no sufficient table and chair

Should introduce new books in library.. and make it air conditioner...

Not enough books available

Library space is very small gets really crowded at times

Very soffocative feeling is there in the library , no proper ventilation is there.

Adequate copies of books are not available

Law in marathi language books are not available....plz available all law subject marathi language books

There should be more fans nd the library should be a little brighter as no sufficient lights

Latest edition of books if provided will be great.

Latest editions of books if provided would be great.

Should increase the collection of books, bench are bad, fans does not work properly, we haven't received freshers party yet, IV, restrooms are not proper, drinking water area is attached with the loo, area of library is be small

Canteen food quality is pathetic, introduce new books and AC in Library

When there are exam time the books that are prescribed by the teachers were not there in library because they are already issued by other students. I find it difficult to get the prescribed books. Settle of another auther sometime so i feel there are topics that i cant study through books.

Any suggestions/comments to make the Library Staff more efficient

Not sufficient space for law students.

The boy in the library room who manage the diary is very arrogant and talks rudely.

The staffs is good.

No everything else is absolutely fine.

There is very small space. Please increase liabraries seating arrangement and space.

Staff is very good and helpful they maintain cleanness library is to small for law student. sometimes they don't allowed to sit in another side. During the 1:30 to 3 pm there is no one to issue book and return the books

No

Please make better fans available, the library is too hot

Can be prompt. Also need Official Freshers

NA

Law in marathi books are not available...plz available all law subject books in marathi language

Library is too small, no that much sitting area.

Expand the area of library, make infrastructure better.

No. We want official freshers please! A request has been made to principal Madam after semester 1 if execution of this could be done then it would be great.

Industrial visit to main place like RESERVE BANK OF INDIS, BOMBAY HIGH COURT, NIFTY FIFTY, through college.

Freshers must be there officially through college.

Desks are not clean

Fans are not fast

Dusters are not there in class

There must be AC in library atleast to the students and teachers will easily study there.

Took some time to appreciate the goodness of librarian at the times of my exam. She give me a virtual tour of the ves online portal to study material online.

Suggestions for Library Resources

No

New editions of the books needs to be added in more number

the online availability of the website for the exam papers is very useful

The question papers for 60+40 marks patterns need to provide. All currently papers are of 100 Marks. It is observations based on the Online Library Resources.

Timings should be from 7.30/ 8

uploading of question papers are really helped us, hopefully staff will upload 60 paper pattern too.

Instead of 1 , it would be better if 2 books are issued at the same time .

Please keep the recently updated books aswell

Whenever Go to collect Books from Library they are too many restrictions. When we are students for 3years .we should be permitted to take all subject books atleast for 2months as due to covid norms ,it's really difficult to visit evry second day to renew it. also At a time only 2books are permitted.Schools are for education however to take books from library has so many restrictions. Whereas 2years fees paid for Library purpose has just been waste of Money to Us

-

Books on taxation... amended book on legal drafting, jurisprudence
E portal is very helpful

addition of latest updated author books and case studies

Please

Good resources

Please increase duration

Any suggestions/comments to make the Library Staff more efficient

I don't remember the name of the that ma'am, but she is young. I really like the way she helps me with seeking for the book. She did not took the fine. I really liked her.

.

NO

The Librarian is polite ,however the helper is too Rude.

-

She is very helpful nd kind.. she take the feedback of book's nd suggest good books

No

no

Please extend library timings

Please update the books and add new books that are currently required by yhe students

Time should be till 6

Please change the infrastructure .

No all its good..... 🙏 🙏

Start keeping comic books for free time source

R parliament and Constitution

Asking for the book our parliament book from ages please get it...

More books, publications and resources with easier digital/online access. More individual rooms and a better reading place with charging stations, faster Wi-Fi and a cafe, too.

As law has enhanced in various fields, resources should be of various types plus we should be having memorial of moot court in Library as it is sine qua non to law students

Please open the library early. If available please make online subscription of manuputra and ssc online so we can take help..

The tables must be cleaned properly and aslo and all students must be allowed to seat wherever they want

Add Our parliament

Introduce OUR PARLIAMENT and OUR CONSTITUTION books in library

More legal vocabulary books and installation of AC

Add some hindi newspaper and magazines as well.

Should include more and diverse books

Books from various famous authors which are related to our subject is not available, the availability of volume is not correct

It is not all adequate. The books we always want are not there, specially our constitution and our parliament. More resources should be there for one subject.

Somesh is very rude he is also not helpful

Please be more considerate and respectful while speaking to the students.

Ambience should be improved

The library should start early at around 8am

No.....

Maam is good but staff is not good

The timings of library should be extended, it should be open from early morning..

Mam has always been so helping

They don't allow phones, tabs, laptops or any electric device for educational purposes.

noo

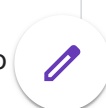

The timing is inadequate and it says on the website it's open till 6pm but it closes at 5 and also should be opened at early morning as students come early

Staff is good natured and professional but they seldom are properly available

Somesh sir is very rude and impatient. Always talks badly with us. Swati ma'am is very nice and helpful

Assistant librarian must be changed, miss Swati ma'am is very kind and helping as well.

I request the Authorities to take some prompt steps to make the Assistant library staff more mindful , in addition to this the use of lift should be allowed to use for law student . Miss Swati is good 👍 the assistant staff needs to be more mindful . I would request him to go through the rules again , in addition to this i request the Authorities to give more authoratian power to Miss Swati .

They should be nice to everybody and should allowed to use the electronic devices for academic purposes

Somesh sir improve your attitude 😊

Swati mam seems to be helpful as of now,not sure she is moody but ok 🙏

Ma'am is very active at work and give the right book and the sir is just lazy who always give me wrong book and annoys

Ma'am is nice but sir needs to be polite while searching a book. Both are helpful in there own way. Thankyou!

Please tell maam to issue 2 books atleast

More sitting arrangements to be made as there are only 5 tables

Library is very small... And also the fans are less

Other field students often sit in the law section leading to shortage of place for law students.

sometimes we don't get a seat because of overcrowding and less space.

There are very less tables to sit in the library for law students.

Nothing

Library must have air conditioner.

Please increase books in library

Should add more books on basic law. Needs of more fans and proper chairs and tables. Computers for the use of students must be allowed and the computes be working properly.

More law related books should be available.

Novels of great writer and subscription of research work...etc.

Improve resources material

Add more books related to our topics other than law field

And add more tables so that more students can sit there and study as it is always crowded and students have to sit in the polytechnic area

Can add up books on topics related to law and which provides the indepth knowledge about the same. Please increase the strength of the sitting arrangement as its always crowded and we aren't aren't allowed to use the other part of the library section.

Good

We should be given access to all the books and just not to the books of our departments.
There can be more books. The infrastructure of the library is not up to the mark it should be air conditioned as it is very humid in summers and it is not bearable one cannot focus on studies.

Please teach your staff how to talk with students

Na

Faculty incharge are very good, polite and very helpful

Noo

Staff should keep their phones on silent (male staff)

Noo books available even reference books

Chairs and tables are too closely placed and has ventilation problems.

Should be more helpful and friendly

Staff is not punctual.

Can be a little more polite
