Seminar Report: Voyage of Vigilance - Unveiling the Secrets of Road Safety

Date: August 23, 2023

The workshop on "Voyage of Vigilance - Unveiling the Secrets of Road Safety" held on August 23, 2023, talked about the critical issue of road safety, presenting an in-depth analysis of current challenges, key contributing factors, and potential strategies to enhance road safety; the workshop was delivered by Deputy Regional Transport Officer Mr. Vinay Ahire who took on a fabulous start by explaining road safety being a global concern with significant social, economic, and health implications, despite numerous efforts road accidents continue to result in a high number of fatalities and injuries worldwide.

The workshop dived into the convolutions of road safety wherein Mr Ahire also said that road safety education should be included in school curricula to instil responsible road behaviour from a young age. The workshop embarked at the scheduled time that is 10:00 AM with an awe-inspiring response from the student community. The event was truly an eye opener for the audience. Mr. Ahire showed statistics of people dying in Maharashtra resulting in death, injury and accidents. Later on, an interesting concept of "Road Hypnosis" was explained Mr. Dattatraya Dhanawade Sir, during his speech audience listened to him meticulously.

Mr. Vinay Ahire our esteemed guest speaker of the day went on to diligently explain in depth about the reasons causing accidents due to motor vehicles. His passion for indulging into road safety and urging the same to the audience was extremely praiseworthy. He imparted good amount of knowledge on the working of each and every aspect of motor vehicles. He minutely explained how the friction happens between a 4 wheelers tyre and the road beneath which eventually leads to bursting of the tyres and how one must check wearability of tyres. Several videos were shown about grievous accidents happened due to drivers' negligence.

The event came close to an end when Priyanka Salve a fellow student beautifully recited a poetry on road safety in Marathi. Mr. Sushant Dhumale Sir performed a song in Marathi called "Ghaar Maajhe Vaat Pahat" which showcased importance of road safety. Then Nikhil Jamdale sir made the audience to take a pledge for vigilantly following road safety. And here comes the highlight of the event where helmets were distributed to fellow students who had a valid two wheelers licence; students were extremely grateful and delighted to receive the same.

The workshop came to an end after giving the vote of thanks. Such workshops are extremely valuable and insightful. Enhancing road safety requires a collaborative effort involving governments, communities, organizations, and individuals. The workshop concluded on a positive note by expressing to work significantly in reducing road accidents and creating safer roads for everyone.

Report on the Expert Session organized by the Department of Lifelong Learning and Education and the Internal Quality Assurance Cell of VES College of Law

Date: September 1, 2023

Introduction:

The expert session organized by the Department of Lifelong Learning and Education (DLLE) and the Internal Quality Assurance Cell (IQAC) of VES College of Law on September 1, 2023, was aimed at enlightening students about emerging opportunities in various areas of law, such as Cyber Law, Mediation, and Arbitration. The session featured Mr. Gokul Narayan, the Chief Operating Officer of the Asian School of Cyber Laws and an esteemed alumnus of Symbiosis Law School, Pune, as the resource person.

Commencement of the Session:

The event commenced with the arrival of the chief guest, Mr. Gokul Narayan, at approximately 11:30 am. He was warmly welcomed by the student volunteers of the DLLE Club with a small token of appreciation. The session officially began with the arrival of dignitaries, including the Principal, In-Charge Principal, teachers, and staff of the college.

Welcoming Address:

The host for the day introduced the session and invited the dignitaries to participate in the traditional lamp-lighting ceremony, signifying the illumination of knowledge. Following this, the Principal delivered a warm welcome speech, expressing gratitude to Mr. Narayan for gracing the occasion with his presence.

Exploration of Dispute Resolution:

Mr. Gokul Narayan initiated the session by providing insights into various modes of Dispute Resolution within the context of Indian society. He emphasized the prevalent structure of Alternative Dispute Resolution (ADR) mechanisms, where two disputing parties present their contentions to a neutral party, who subsequently decides based on the merits of the case. These ADR methods, he explained, are often considered as alternatives to the primary mode of Dispute Resolution, which is litigation, despite it being so ingrained in the Indian Society.

Importance of ADRs:

Mr. Narayan highlighted the significance of ADRs and their growing relevance, particularly in the wake of their pivotal role during the COVID-19 pandemic. He placed special emphasis on Mediation as an effective mode of dispute resolution and elaborated on how the forthcoming Mediation Bill is set to strengthen the framework, potentially making it a more efficient and convenient choice for dispute resolution. Furthermore, he elucidated the essential skills and practical know-how necessary for pursuing a career in mediation.

Cybersecurity and the Legal Landscape:

Transitioning to another crucial topic, Mr. Narayan delved into the realm of cybercrime and scams, emphasizing their prevalence and impact. He underscored the pivotal role of cybersecurity as a crucial tool in combating these threats. He noted that as transactions and activities in the digital sphere become more advanced, the legislative framework has struggled to keep pace, leaving certain forms of cybercrime inadequately addressed.

The Rise of AI in the Legal Profession:

In a forward-looking perspective, Mr. Narayan discussed the increasing integration of artificial intelligence (AI) in the legal space. He emphasized the importance of AI and its implications in the legal profession in the coming years. The conversation revolved around how AI technology is likely to reshape various facets of the legal field, from research and analysis to document automation and predictive analytics.

Mr. Narayan's engagement extended beyond his lecture, as he graciously took up questions from the audience, addressing them in detail and fostering a dynamic exchange of ideas and insights among the participants.

Conclusion:

The expert session organized by the DLLE and IQAC of VES College of Law, featuring Mr. Gokul Narayan, offered students valuable insights into emerging opportunities and critical aspects of the legal landscape. Mr. Narayan's comprehensive exploration of dispute resolution, cybersecurity, and the influence of AI in the legal profession left attendees better informed and inspired to pursue careers in these dynamic areas of law.

After the meeting, students were invited to be a part of it by registering themselves on the Google Form Link which had been circulated.

The sessions to be undertaken by student volunteers' were decided to take place between 19th December, 2023 to 23rd December, 2023. Further, receiving an overwhelming response, it was extended to the first week of January, 2024 as well.

Report: Multiple Sclerosis Drive

Date: 04/02/2024

The drive for awareness among students regarding a neurological disorder named Multiple Sclerosis was organized by SIES College, Sion at Chhatrapati Shivaji Maharaj Maidan, Shivaji Park, Dadar on Sunday, 4th February. Students from many colleges joined the drive and represented their college. 31 students from the DLLE Unit of VESCOL joined the drive. The drive commenced with a small introduction and symptoms of the disease and a short interview with the guest speakers. Questions were asked to them regarding the cause of the disease, it affects what age group, is it contagious, hereditary, etc. Not only the students and faculty members of the colleges, the people who are suffering from this disease also participated in the drive. The interview of the guest speakers was followed by some girls performing Gymnastics and boys doing 'Mallakhamb.' Popular celebrity choreographer Devesh Mirchandani also performed a few steps of Kathak on stage.

After the introduction, the rally commenced. Students were provided flags and banners of the "Multiple Sclerosis Society of India" (MSSI). During the rally, students raised the slogan "We support MSSI" to show their support to the patients suffering from this disease and spread awareness among the people. This is because many people have misconceptions about this disease. It just restricts the movement of a person; it is a neurological disorder and does not render a person mentally unfit. This was the purpose of this drive – to encourage people to sensitize with such patients, and not bully or humiliate them. As students are the future of our country, the beginning of spreading awareness begins from them. The drive concluded by a short photo session and the students were provided refreshments before leaving.
