

## ABOUT VESCOP:

Vivekanand Education Society's College of Pharmacy (VESCOP), is the 24<sup>th</sup> jewel in the crown of the Vivekanand Education Society. VESCOP was founded in 2007 with a goal to impart quality education in Pharmacy. The institute is currently mentoring its eighth batch of B. Pharm. It has also successfully tapped into higher educational avenues of Masters of Pharmacy (Quality Assurance, Pharmaceuticals and Pharmaceutical Chemistry) and, that of the Ph. D. in the branch of Pharmaceutics.

Our students possess a plethora of talents; their innovative approaches perfectly mingle with their interactive experiences of the Pharma industry thus helping them evolve as future scientists of our country. They are trained thoroughly by our set of finest academicians that provide an uncompromised guidance in curricular as well as in various co-curricular arenas of research. Backed with well-equipped laboratories and updated technological and theoretical expertise of our staff, VESCOP has gained prominence as an upcoming centre of excellence in providing unmatched consultancy services, collaborative research projects, conducting pre-clinical studies and, by contributing to nurture students that prove to be of great value to the pharmacy industry.

We have also intervened in to doing our bit towards the society and, have engaged in various health campaigns for the welfare of the community especially catering to people of the lower rungs of the society as a part of our Academic Social Responsibility (ASR) initiatives. Over a short span of 9 years, the institute has actively participated in the research and received grants from AICTE, BIRAC, NIF and some multinational pharmaceutical industries for the research and development activities.

We have successfully completed industrial research projects from SEPPIC Ltd, Emami Ltd, and Evonik Ltd. We are currently working on sponsored research projects from Merck specialities Pvt. Ltd. and Cerelia Nutritech Pvt. Ltd. In 2015, VESCOP signed a MOU with Merck for a joint research centre in VESCOP premises. The research centre is currently situated on 7<sup>th</sup> floor of VESCOP.

## ABOUT VESCOP:

Recent feather in VESCOP is the **platinum category certificate** awarded to us by **AICTE-CII**. VESCOP had participated in prestigious AICTE-CII best Industry-linked Pharmacy institute (Degree) survey. Out of the total technical institutions across the country which participated in this survey, only 18% qualified to the platinum category and VESCOP was one of the few. VESCOP was the only institution to receive platinum category in emerging pharmacy institutes category in the entire western zone. The average score of pharmacy discipline was **24.57** whereas VESCOP scored an impressive **51.57**. With highly professional environment provided by the management & sincere efforts of the staff, we are aiming to be one of the leading Pharmacy colleges in the days to come.

**\*THE B. PHARM. PROGRAMME OF OUR INSTITUTION RECEIVED NBA ACCREDITATION FOR ACADEMIC YEAR 2016-2017 AND 2017-2018\***

## ABOUT THE SEMINAR:

Quality education is imperative to the human resource development of any nation. High quality of education equips learners with diverse set of knowledge and skills that are relevant to the nation on one hand and to attain levels of international recognition & reputation on the other. Technical education in India has become formidable reservoir of technical expertise in terms of magnitude of HR and expertise available and infra facilities create over 60 yrs. Quality is of utmost importance and accreditation is the way to assure that quality.

India is now a provisional member of Washington Accord, which recognizes equivalence in the accreditation of qualifications in professional programmes among signatory member countries. NBA is an organization formed by MHRD, Govt. of India, responsible for accreditation of all Engineering, Management and Pharmacy Programs conducted by various institutes in India to ensure that they adhere to the guidelines stipulated by Washington Accord. NBA now follows the Outcome Based Education (OBE) model for accreditation of programmes offered by institutions. Once a program is accredited by NBA, it will have global acceptability and promotes students mobility along with enhancement in employability. The purpose and impact of accreditation goes far beyond quality assurance of an Institution/programme.

Benefits of accreditation for institutions include ease of funding from various bodies, change of perceptions among all stakeholders, improvement of student enrolment both in terms of quality. **As part of celebration of 10<sup>th</sup> year of VESCOP**, we have organized this seminar in collaboration with **APTI, Maharashtra State Branch** to increase awareness about NBA and motivate all professional courses to go for NBA accreditation.

### \*CHIEF GUEST\*

**Dr. C. D. Upasani**  
President, APTI-MS

### RESOURCE PERSONS

**Dr. Supriya Shidhaye**,  
Principal, VESCOP
