PRESIDENT'S MESSAGE

Dear VESP Alumni,

As we turn the page on another remarkable year, I am filled with immense pride in the strides we've taken together as a community. The 2024-25 chapter of the VESP Alumni Association has been one of innovation, reconnection, and purpose-driven growth.

This year, we deepened our commitment to shaping not just engineers but future leaders. From the powerful reconnection of the 1992-93 Reunion to the inclusive spirit of the Annual Alumni Meet, we witnessed the strength of our VESP bond.

Our innovative drive found wings in Technothon 2025, a state-level 24-hour hackathon that celebrated problem-solving and creativity among diploma engineers. Equally inspiring was Innotron, where top 20 teams pitched business ideas—showing that our students can not only imagine the future but build it.

The EmpowerED initiative, supported by three dedicated innovation labs, became a launchpad for student entrepreneurs through sessions on product-market fit, sales strategy, and real-world mentorship. We're proud to say we're nurturing job creators.

Soft skills—our bridge from knowledge to impact—were honed through the SkillCraft series, Skillsphere, Softskill Sessions, and Chai Pe Charcha, preparing our students to thrive in every sense. We also stayed ahead of the curve with sessions like Beyond Degrees: How AI is Reshaping Careers and hands-on learning through CAD Quest.

As we move forward, let us intensify our focus on Research & Development and Intellectual Property generation, fuelling India's journey toward becoming a global innovation hub. In the words of Prime Minister Narendra Modi, "Jai Anusandhan" — Victory to Research — let us channel this spirit to solve real-world challenges and build technologies that transform lives.

Warm regards,

Krupalu Mehta

President, VESP Alumni Association

INSPIRED ROOTS

VESPAA ANNUAL REPORT (2024-25)

The VES Polytechnic Alumni Association has organized Soft Skill training programs, Industry oriented workshops, Career oriented and Higher education related sessions, Entrepreneurship, Reconnect Programs, Startup initiatives, Hackathons, Alumni meet and many such activities to uplift our students both in technical as well as non technical domain knowledge. Also to strengthen the bond among the alumni network.

Reunion of Batch 1992-93 | 23 June 2024

The alumni of the 1992-93 batch reunited at VES Polytechnic for a heartwarming event filled with memories, laughter, and lifelong connections. The event celebrated the enduring spirit of VESP and its legacy through the stories of its alumni. Organized by VESPAA and thoughtfully coordinated by Mr. Mahendra Chavan, the reunion served as a testament to the strong bond shared among VESP graduates.

Roadway After Engineering | 18 July 2024

A career guidance session was conducted for second-year students to navigate their journey beyond engineering and explore various industry paths. With a focus on real-world insights and career mapping, the session empowered students to make informed decisions. Organized by VESPAA in association with ISA, who brought practical perspectives from the industry.

No. of Beneficiaries: 120

**Career Guidance & DSE Admission Process
19 July 2024**

This seminar aimed at providing recent graduates with a clear understanding of Direct Second Year (DSE) admission procedures and future educational prospects. Mrs. Bindu Ramesh guided the students through the process, offering insights into application strategies and college selection. Organized by VESPAA, the event helped bridge the gap between diploma completion and degree planning.

No. of Beneficiaries: 69

Chai Pe Charcha | 17 August 2024

An informal, interactive session designed for first-year students to freely connect, collaborate, and converse with peers and seniors over light discussions on college life, learning, and innovation. Organized by ISA in collaboration with VESPAA, this initiative created a welcoming atmosphere that encouraged bonding, creative thinking, and shared experiences beyond the classroom.

No. of Beneficiaries: 114

**Soft Skill Sessions 5 | 6 September 2024**

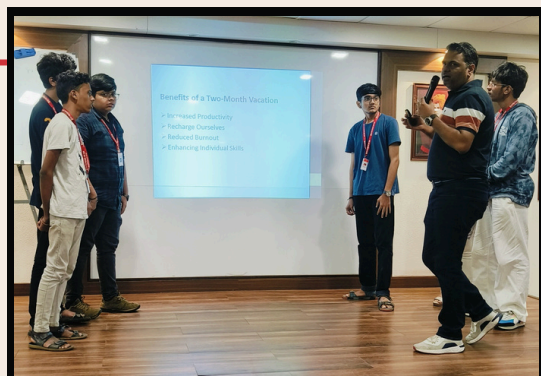

Focused on shaping the professional persona of third-year students, this session emphasized communication, teamwork, emotional intelligence, and personal presentation. Mr. Rajesh R. led an engaging and practical session designed to prepare students for industry interactions and placements. Organized by VESPAA, it was a vital step toward workplace readiness and confidence-building.

No. of Beneficiaries: 124

Skillsphere Sessions 3 | 5 October 2024

Aimed at second-year students, this session focused on enhancing interpersonal skills, effective communication, and time management. Mr. Chintan S. led the workshop, providing students with practical tools and strategies to excel both in college and the workplace. Organized by VESPAA, this event was a step towards preparing students for the challenges of their academic and professional lives.

No. of Beneficiaries: 143

How to Identify the Right Product for Market Success | 16-23 October 2024

This EmpowerED session, led by Mr. Sameer Karna, taught students how to identify viable products that meet market needs and achieve commercial success. Focusing on product-market fit, the workshop provided students with a practical roadmap to transform ideas into market-ready solutions. Organized by VESPAA in association with IIC - VESP, the sessions were highly informative for students aiming to venture into entrepreneurship.

No. of Beneficiaries: 355

SkillCraft is a transformative series of soft skills sessions designed for all first-year students to help them unlock their true potential, led by Abhay Valsangkar, an esteemed alumnus of VES Polytechnic. Across three chapters, this series offers in-depth insights into essential skills that shape future leaders. Throughout these sessions, Abhay Valsangkar, a celebrated motivational speaker and expert in leadership, provided students with invaluable tools for becoming successful leaders and effective team players. The SkillCraft series, organized by VESPAA in association with AVATAR, empowered students to develop key interpersonal and professional skills, setting them up for a future of success and impact.

SKILLCRAFT SERIES

A JOURNEY TO PERSONAL AND PROFESSIONAL MASTERY

- **Chapter 1 – Being Future Ready (21st September 2024)** – Abhay Valsangkar equipped first-year students with essential adaptability, leadership, and problem-solving skills to excel in their future endeavors.
- **Chapter 2 – Personal Management (10th October 2024)** – A focused session on self-management, goal setting, and personal growth, helping students balance academic and professional responsibilities.
- **Chapter 3 – People Management (8th November 2024)** – Abhay Valsangkar enhanced students' communication, teamwork, and leadership abilities, preparing them to thrive in professional group dynamics.

EmpowerED is a transformative initiative that aims to guide second and third-year students through the stages of product development, from ideation to market readiness. Kicking off with an insightful orientation on 9th and 10th October 2024, the initiative provides in-depth sessions on problem identification, product validation, market research, and entrepreneurship. The program includes mentorship, opportunities to participate in hackathons, and insights into the CPP, helping students transform their ideas into tangible solutions. EmpowerED is organized by VESPAA in collaboration with IIC, with a focus on fostering innovation, creativity, and entrepreneurial skills among students. The orientation session was led by Siddhesh Desai, who shared valuable insights to inspire and prepare students to build the products of tomorrow.

EMPOWERED

AN INNOVATIVE PRODUCT DEVELOPMENT INITIATIVE

545 Alumni turnover out of 800+ registration

Felicitation of silver jubilee batch (1998-2000)

28 December 2024

Alumni Meet 2024-25 witnessed an impressive turnout, with over 550 alumni reuniting for a memorable gathering. A grand gathering of VES Polytechnic alumni, this event brought together graduates from different batches to reconnect, reminisce, and strengthen their bond with their alma mater. Organized by VESPAA, the Annual Alumni Meet was a celebration of VESP's legacy and its impactful alumni community. It provided a platform for alumni to share experiences, guide current students, and forge new professional connections.

It was Honored to have our star alumni as a special guest for the event who are doing great in their respective fields.

- Shri. Umesh Rathod (Proud Alumni 2003-2006 batch)
- Shri. Naresh Nair (Proud Alumni 1996-1999 batch)

Alumni enjoyed and rejoiced with the DJ followed by lip-smacking dinner

ALUMNI MEET
ANNUAL OFFICIAL MEET

Achieving Problem-Solution and Product-Market Fit | 28 January 2025

This session, hosted by Mr. Monu Shetty, focused on aligning solutions with real-world market needs. Aimed at aspiring entrepreneurs, the session offered key insights on achieving product-market fit and ensuring that their ideas meet the demands of the market. Organized by VESPAA, this session was a crucial step for students looking to launch successful startups and make an impact in the industry.

No. of Beneficiaries: 114

Workshop on Sales & Marketing Strategy for Startups | 5 February 2025

Aimed at third-year and IPD opted students, this workshop provided key strategies for marketing and selling startup products. Led by Mr. Samir Karna, the session covered topics like branding, customer acquisition, and funding opportunities. Organized by VESPAA in association with IIC, this workshop offered students valuable tools to grow their entrepreneurial ventures and succeed in a competitive market.

No. of Beneficiaries: 132

Soft Skill Sessions 6 | 28 February 2025

Aimed at enhancing the professional abilities of third-year students, this session provided insights into advanced communication techniques, leadership, and career-building strategies. Led by Mr. Rajesh R., the session helped students refine their interpersonal and professional skills, preparing them for the corporate world. Organized by VESPAA, this event was instrumental in shaping students into polished professionals ready to take on industry challenges.

No. of Beneficiaries: 40

**Beyond Degrees: How AI is Reshaping Careers & Learning | 5 March 2025**

This insightful session by Mr. Ayush Suri explored the transformative role of AI in both education and career development. Aimed at all students, it emphasized the impact of AI on future job roles, learning methods, and skills required for success in the rapidly evolving tech landscape. Organized by VESPAA, this session helped students understand how AI is revolutionizing industries and career opportunities.

15+ Polytechnic | 125+ teams | Rs. 110,000/- Prize pool

1st - 2nd March 2025

Vivekanand Education Society's Polytechnic (VESP), in collaboration with VESP Alumni Association and VESP's IIC Cell, successfully hosted VESTechnothon 2025—a 24-hour State-Level Hackathon exclusively for diploma engineers. Initiated in 2023, after two successful district-level editions, the event was elevated to a state-level technical competition, attracting 125+ team registrations from 9 districts across Maharashtra. After rigorous shortlisting, 32 teams advanced to the Grand Finale, competing across 8 Problem-Statement verticals for a prize pool of ₹1.10 Lakhs.

VESTechnothon 2025

24 HOURS STATE LEVEL HACKATHON, EXCLUSIVE
FOR DIPLOMA ENGINEERING STUDENTS

The Grand Finale, held on 1st & 2nd March 2025 at VES Polytechnic, Chembur, kicked off with a formal inauguration, graced by Shri. Umesh Nagdeve - Secretary at MSBTE, Shri. Jiten Saheta - Director Operations at Connectwell, Shri. Manas Phadnis- Vice President - Projects and Business Development at VEGA India, and Shri. Umesh Rathod - Indovation Manager at AICTE.

VES Technothon 2025 was made possible through the generous support of esteemed sponsors: Connectwell Industries Pvt. Ltd, VEGA India Level and Pressure Measurement Pvt. Ltd, PearlQuest, 39 Solutions, HPCL and Veloce Nxtgen

Innotron | 29 March 2025

Innotron is a dynamic platform designed to provide funding opportunities for student projects, bridging the gap between innovative ideas and real-world opportunities. On 29th March 2025, top 20 student teams from across the state were invited to pitch their business ideas to potential investors, mentors, and industry experts. The competition not only allowed students to showcase their entrepreneurial spirit but also offered them invaluable feedback and support to turn their concepts into viable businesses. Organized by VESPAA in association with IIC, Innotron fosters a strong culture of innovation and entrepreneurship at VES Polytechnic, encouraging students to take their ideas to the next level.

Connectwell Industries Pvt. Ltd. — The Right Connection

Connectwell Industries Pvt. Ltd. is a name synonymous with precision, reliability, and innovation in the field of electrical connection technology. Founded in 1978 and headquartered in Dombivli, Maharashtra, Connectwell has grown to become India's largest manufacturer of Terminal Blocks and a trusted global supplier.

With a product portfolio that spans DIN Rail Terminal Blocks, Interface Modules, SMPS, professional tools, marking systems, and panel accessories, Connectwell provides critical components used in automation, power distribution, railways, renewable energy, and more. Their state-of-the-art manufacturing facility is equipped with advanced automation and stringent quality control systems. Every product undergoes over 40 quality checks, ensuring compliance with international standards such as UL, CE, VDE, and RoHS.

Connectwell exports to over 80 countries, supported by a robust global distribution network. Their dedication to continuous innovation is driven by a strong R&D team of engineers focused on product development and customization.

The company's commitment to sustainability, operational excellence, and customer satisfaction is reflected in its ISO 9001, ISO 14001, and ISO 45001 certifications.

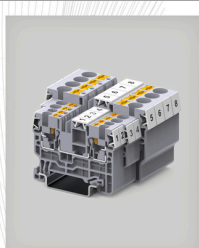

Over four decades, Connectwell has played a key role in powering the backbone of industrial and infrastructural growth in India and abroad. Their ethos combines engineering precision with customer-centric values — creating solutions that connect the world, quite literally.

VEGA India Level and Pressure Measurement Pvt. Ltd., a subsidiary of VEGA Grieshaber KG, Germany, stands as a beacon of innovation and excellence in the realm of level and pressure measurement technologies. With a steadfast commitment to precision, reliability, and customer satisfaction, VEGA India has continually pushed boundaries, setting new standards in the industry.

Company Overview:

Established with a vision of electronics as the future, VEGA continued to develop innovative measurement technologies combining high safety standards and efficiency with easy operability in the past six decades. Today, VEGA India has emerged as a trusted partner for a diverse range of industries worldwide. From process automation to oil and gas, water management to pharmaceuticals, VEGA India's cutting-edge solutions cater to the evolving needs of modern industries.

Innovative Products:

VEGA India offers a comprehensive portfolio of compact to advanced field instrumentation, designed to deliver unparalleled accuracy and performance. Their product range encompasses radar, guided wave radar, pressure transmitters, point-level sensors, and radiometric solutions. Each product is meticulously engineered to meet the highest quality standards and meet the process requirements and customer expectations.

Commitment to Quality:

Quality is the cornerstone of VEGA India's operations. Rigorous testing, meticulous quality control processes, and adherence to international standards ensure that every product leaving their facilities upholds the company's reputation for excellence. VEGA India's unwavering commitment to quality assurance instils confidence in customers, making them the preferred choice for simple to critical measurement applications.

VEGA HOME OF VALUES

POWERED BY SPONSOR OF

PearlQuest Interactive is a pioneering creative technology studio based in Dubai, specializing in immersive, interactive, and experiential digital solutions. With over a decade of innovation and more than 400 successful projects across the GCC and beyond, PearlQuest partners with agencies, government entities, and large enterprises to create memorable digital experiences that captivate audiences.

From gesture-controlled video walls, VR/AR/MR simulations, and gamified installations to custom software and mobile app development, PearlQuest is known for blending cutting-edge technology with thoughtful user experience design. The company's core strength lies in translating abstract marketing objectives into intuitive, visual, and emotionally engaging experiences — whether through experiential activations at exhibitions, virtual training environments, or branded digital games.

PearlQuest operates with a lean, scalable model, tapping into a trusted network of collaborators and specialists to deliver high-impact results. Its philosophy centers on co-creation, delighting users, and ensuring every project pushes creative boundaries while delivering tangible business value. To explore more, visit www.pearlquest.ae.

GAMING PARTNER OF

Veloce Nxtgen is your partner in driving brand success through extraordinary corporate events and captivating media production. We empower businesses to innovate, engage, and inspire in today's fast-paced, competitive landscape with solutions that leave a lasting impact.

Crafting Events That Inspire and Connect

At Veloce Nxtgen, we transform ideas into unforgettable experiences. Our expertise lies in curating high-impact corporate events tailored to your brand's goals - be it dynamic hackathons that spark innovation, polished product launches that captivate audiences, or vibrant corporate parties and exhibitions that foster collaboration. Every event is precisely designed to reflect your vision, ensuring seamless execution and memorable moments that resonate with your audience.

In a world driven by visuals, we bring your brand's essence to life with high-class media solutions. From stunning event photography and cinematic videography to compelling short films and strategic digital marketing content, our creative services make your story stand out. Whether capturing the energy of a live event or crafting narratives or documentaries that engage online audiences, Veloce Nxtgen ensures your brand leaves an indelible mark.
