Report on Training program “Spoken tutorial”

IIT Bombay is partner with Maharashtra State Board of Technical Education for providing Spoken Tutorial based software training to all the Polytechnics across the Maharashtra state.

Spoken Tutorial Project is working on the **National Mission on Education** through ICT, MHRD, Govt. of India, to spread IT Literacy all over India. **The Spoken Tutorial Project is about teaching and learning a particular FOSS (Free and Open Source Software) like C, C ++, Java, Python, MySql, Php, Linux, Netbeans, Libre Office, Linux, Scilab, LaTeX, PHP & MySQL, Java, C/C++, LibreOffice etc. via an easy Video tool - Spoken Tutorials. It is nothing but SELF (Spoken Tutorial based Education and Learning through Free FOSS study) learning.** They are promoting the learning and usage of Free & Open Source Software (FOSS), through an Audio-Video teaching tool, viz, 'Spoken Tutorial'. **the main aim of this project is to** train students on Basic Computer Skills, Software and IT.

There are basically two purposes Skill Focus for Employment & Academic focus for improving exam performance. Ministry of Human Development (MHRD) funded the entire program with certificate is free of cost. So IIT Bombay is moving the Education Extension way & tied with 68 Affiliating Universities and MSBTE is one of them.

Under the guidance and guideline given by IIT coordinator Vidya Kadam from Instrumentation Dept. Ms.Saroj Desai registered as organizer. According to norm and rules of conduction all the three years students are enrolled for following Courses. The students get immediate certificate once they pass the online examination. This boosts their confidence to learn by themselves also learning and adapting new technology. We are looking forward more and more trainings in next semester.

So thank you IIT and ICT, MHRD, Govt. of India.
