- To devise a method through which these extra credit points can be earned by students.
- To discuss about internship opportunities for the department students.
- To get suggestions regarding online courses that can be considered as value addition for the students.
- Any other matter with the permission of the chair.

❖ **The Members present in the meeting:**

1. Chairperson (Head, Department of Financial Markets, VESASC): Mrs. Sangeeta Bhattacharya
2. Other Department of Financial Markets , VESASC faculty: Dr. Vaishnavi Bagul, Mrs. Ekta Singh
3. i) External Subject Expert 1: CA. Vimal kumar Ashar
ii) External Subject Expert 2: Mr. Haresh Parpiani
4. University Nominee: Mrs. Reema Castelino
5. Subject Expert (R&D/ Industry): Mr. Abhay Chopra
6. PG Alumnus: Ms. Tama Dutta

❖ **Minutes of the Meeting:**

- The changes suggested in SYFM syllabus in the last meeting of BOS was incorporated and approved in this meeting.
- Compilation of Debt Market I and Debt Market II as Debt Market and Equity Market I and Equity Markets II as Equity Markets was approved In the BOS Meeting.
- It was decided that 75 marks External and 25 marks Internal Examination pattern will be continued keeping symmetry with other departments of the college. Subject faculties will be given free hand to evaluate the students according to the requirement of the course.
- Internship will be considered as a priority for all students and department can coordinate with Mr.

Abhay Chopra and CA. Vimal Asaar for further guidance in this regard.

- CA. Vimal Asaar also suggested to involve students in different types of financial surveys where students get practical knowledge of the market. Mr. Asaar also gave survey internship scope for 10 students of the department for this academic year. The department has to coordinate with him for the same.
- Guest lectures and Industry expert lectures will play a very important role and should be regularly conducted for students to bridge the gap between industry and academia.
- Different NISM & NCFM certification courses can be identified and suggested by the department so that students are properly channelized and guided to earn their extra co-curricular credit points apart from the 120 credits that they earn through their curriculum. All the BOS members were requested to mail back their suggested courses that the students can complete in their 3 years of education.
- CA. V. Asaar suggested that students should not be forced to take up all the above specified courses. They can have their liberty to decide the type of add-on courses they want to complete in this period.
- Students interested in performing art and creativity can earn 6 credit points from extra-curricular activities.
- Ms. Tama Dutta suggested that students should preferably join online personality development course to appear for corporate interviews. She also shared that students interested to pursue higher education abroad should complete online training courses in English and logical reasoning.
