

## CAREER GUIDANCE AND PLACEMENT CELL

*“Success occurs when opportunity meets preparation”*

We at VESASC college strongly believe in the above mentioned quote and so fervently work towards our students being equipped not only with an academic report they can take along with them as they step out, but also a job. To enable this endeavour, we have the “Career Guidance and Placement cell”. In order to ensure that our students potential is channelled to the right employers we make an avenue for employers of reputed companies to meet their potential employees, i.e, our students. We provide adequate training and grooming sessions to our students through our alumni and also by inviting professional career trainers.

The year 2021 continued to see the surge of Covid related disasters and continued to be a challenging one for most of us, especially in the academic field with new patterns of teaching and learning coming our way. However, we at VESASC College, did not let this deter us and have still managed to bring a good report of student placements even during these trying times.

Some of the Career Guidance activities conducted by the committee included

- Orientation programmes for the TYBCom and TYBA students
- Career Assessment Test in collaboration with University of Petroleum and Energy Studies (UPES)
- Placement Consultation and Resume Corrections session in collaboration with EdubridgeIndia Pvt. Ltd.
- Webinar on Careers in Science - Bridging the Academia - Industry gap in collaboration with VESASC Alumni Association,
- Webinar on the opportunities in the E content development and E learning sector in collaboration with SNTD Women’s University
- Guidance Session on Resume Writing, GD & PI in collaboration with Quastech Pvt. Ltd.

These are only a few mentioned among the whole host of other events.

The companies that conducted campus placement are TCS, Infosys, Deloitte, DXC technology, Accenture, LTI, Wipro, Sutherland Global, Neosoft Technologies, ACCENTURE, Capgemini, Hexaware, Willis Towers Watson, Finestar Jewellery and Diamonds Pvt. Ltd., Avniro, Decathlon, Aspire Consultancy Services. Apart from these campus placement drives,

preplacement interviews were conducted in collaboration with Quastech Pvt. Ltd. separately for IT and Non-IT profiles. Students shortlisted during this process will be sent to various corporates for final interviews.

The above-mentioned placements are the testimony of the combined efforts of the activities we organised to prepare our students along with the quality of students we nurture at VESASC.
