## About VESASC College

Vivekanand Education Society's College of Arts, Science & Commerce is permanently affiliated to the University of Mumbai. The college has been accredited with A-Grade in 2017 by NAAC (3rd Cycle). We have been bestowed with the "Best College Award" by Mumbai University in 2012-2013 in the urban area category. We have also received FIST grant from DST and a Star College grant by DBT. We impart holistic education with emphasis on character building, to create good citizens as perceived by our founder member, Late Shri Hashu Advaniji. ICT enabled Infrastructure provided by a supportive and committed management, dedicated team of teachers and enthusiastic administrative staff help us provide a conducive academic atmosphere to prepare the students for the digital world.

## About Department of Computer Science

The Department was established in 1999 and it is one of the vibrant departments of the college which has produced rank holders and has a good placement record. Here, the students are rigorously trained in academics & are offered plenty of opportunities to apply their knowledge. Our UG students not only have designed good projects for our college/industries but also have presented research papers. Apart from this, our students also conduct annual tech-fest VIHAAN and publish e-magazine called TecKnow. The department has a very strong and active alumni who not only guide current students in technology but also in soft skills and career guidance. The department is also a recipient of STAR College Grant under DBT Scheme.

## About IEEE Pune Section

IEEE is renowned as the world's largest technical professional organization for the advancement of technology for the benefit of humanity. IEEE and its members inspire a global community to innovate for better tomorrow. IEEE Pune Section was established in 2010. The section falls under the jurisdiction of Asia Pacific Region of IEEE. At present, the Pune section has more than 300 professional members and over 1100 other members, including student members. IEEE Pune Section strives to accomplish the goals of IEEE Association by conducting various activities throughout the year. It also takes efforts to pass the legacy to GEN-Z to build, enjoy, and utilize advanced technology for a better societal and healthy life.

## About Webinar

Artificial intelligence is described as "the new electricity". Artificial intelligence is trialed for to automate tasks and has impacted every sector like healthcare, manufacturing, retail etc. AI combined with ML happens to be one of the top trending technologies and it has become part of many syllabi. Many students are learning these technologies without knowing how to use them to solve real-life problems. Through our tech-fest VI HAAN(which means a ray of light),we aim to bridge this gap and to throw the light on how various industries are actually using AI/ML. Apart from technical sessions, we also have a special session which acts as a boon for today's youths who not just would like to work with industries but also would want to become an entrepreneur and implement an idea for startup businesses.
