

In the competitive business world, only academic qualification is not enough to drive a business. The demand for skilled professionals is increasing every day. At VESIM, we understand the importance of cultivating right skill sets in students. We work with various corporate organizations to help students to achieve success in their career.

Our Corporate tie-ups help students to gain practical knowledge about the latest market trends and happenings, as well as polish their skills. Our sole aim is creating industry-ready and talented professionals, who can survive the tough industrial challenges. We have joined hands with the following training organizations and industrial experts to produce multi-talented professionals.

EUDE B-School, Spain for Student and Faculty Exchange

Oklahoma State University, USA for Joint Research, Faculty Exchange, Students Exchange, Cultural Exchange

SAS for Training on Business Analytics

HDFC for Consultancy Projects

SS & C GLOBEOP for Training on Financial Market

NISM for Joint Program on Securities Markets

PMI - Mumbai for Imparting Project Management Skill

SME Chamber of India for Entrepreneurship

iksula for Research and Analytics
