

JOYFUL PROFESSIONALISM

Teachers are role models to students. Hence their professionalism, ethics and teaching competence all become equally important. From time to time therefore, it helps to remind oneself of some of the key aspects of this very sacred vocation. The short, 2 hour interactive VESLARC workshop is designed to do just that.

The workshop covers the topics like how to be a firm, friendly & Approachable teacher, platform manners, presentation skills, and various attitudes followed by open interaction.

Communication Skills – presentation skills & platform manners

Group activity during the workshop to encourage teamwork
